

DESCRIPTION

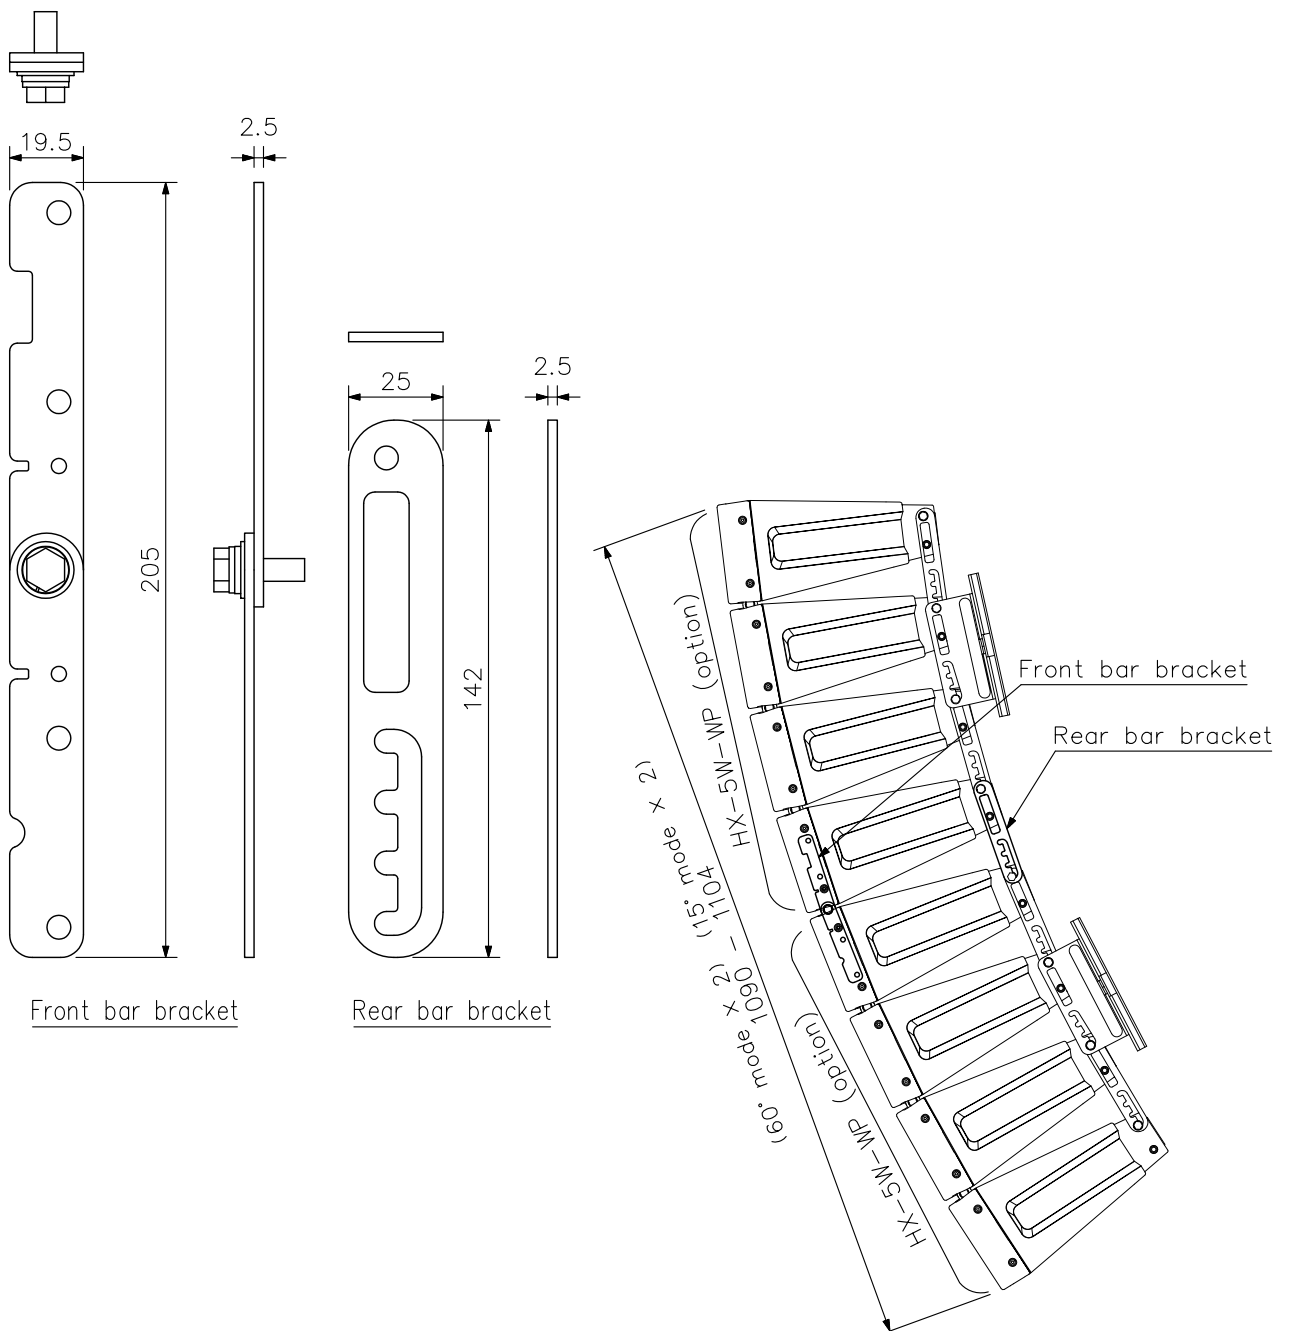

The HY-CN1W-WP is used to join 2 HX-5 series speaker systems, typically for the purpose of achieving better speaker directivity control in lower frequencies. Such directivity control helps achieve clearer and longer-rangesound reproduction in locations where sound efficiency may be hampered by conditions like long reverberation time or a high level of background noise. This bracket is designed for outdoor use.

SPECIFICATIONS

| | |
|---------------------|---|
| Finish | Stainless steel, white, semi-gloss, paint |
| Weight | 200 g |
| Product Composition | Front bar bracket ×2, Rear bar bracket ×1 |

Note: Every speaker module must be aimed horizontally or down to keep the weather resistant capability.
